“ Agnes paved the way for us to go to Switzerland in 1990. We were working together on Topeka's Family Fair and became close friends during the rest of Agnes's life. We can't believe we won't see her warm and wonderful smile at Topeka Symphony. We are sure she has been and will continue to be a true angel. Love, Alice and Lee

“ Agnes and I were social workers together at The Capper Foundation for many years. She cared very deeply for the children in her caseload, always placing their interests at the very top of her priorities! Our friendship grew through the years and continued long after our employment at Cappers. As couples, we participated in a gourmet group together that met in homes. Craig and I eagerly anticipated the times that Agnes and Chester hosted. She set an elegant table, and the food she served was outstanding and done with a special flair.

When our five grandchildren were young (including triplet babies!), Agnes joined me for a one week long babysitting stint in San Antonio! We worked hard but also had some good laughs and were especially relieved to turn over our healthy, happy, non-injured charges to their parents upon their return.

Agnes - you lived with grace, dignity and style. My life was enhanced through knowing you and counting you as a dear friend!

“ I met Agnes in graduate school at KU School of Social Work. In the process of working on a team project Agnes invited us to her home on Sunrise Hill and fed us delicious kugelhopf. We met for lunch during our work years and attendend the Topeka Symphony.
It has been my honor to have Agnes in my life. My son's middle name , Armin, was a suggestion from Agnes that has made her part of the life of my family.
My sincere condolences to her family.

“ I have such a pleasant memory of having known Agnes here at McCrites. Even though I only knew her for a short time. She was such a gracious woman to everyone. I will miss her very much.

“ I was saddened to read of Agnes' passing. She was a special friend of mine in my literary world of Write Stuff and Kansas Authors Club. Always gracious and quick to smile, she seemed as glad to see me as I was her. I loved her accent as it reminded me of my grandmother, so conversations with Agnes were particularly enjoyable. I have read and collected her wonderful books; she purchased a painting of mine to give to her sister in Europe as a birthday gift. I was thrilled. I will miss her. A lovely light has gone out, but will forever leave an afterglow. I regret that I will be unable to attend the service as I will be in Lindsborg at Bethany College conducting a painting workshop that day. My deepest sympathy to her family. Barbara Waterman-Peters

“ Dear Agnes, I love you and I'm going to miss you. You were a generous person, a delightful hostess, a wonderful writer, and lived a fascinating life which you chronicled well in memoirs! I loved to see you, talk with you, share with you, and greatly appreciated you gifts of Swiss chocolates! I loved working with you to get some of your books published, and was honored that you chose one of my photographs to hang in your living room. I'll cherish the memory of speaking with you by phone just before you went to the hospital, and seeing you resting peacefully at Midland Hospice in the days before you let go and left our world to visit your dearly departed. Bless you!

“ I first met Agnes in 2012. I was staying with Carol Cutter following my back surgery. Although Agnes did not know me, she brought homemade apple pie to Carol and me. It was so...delicious. Plus it showed her kind and generous spirit. I was fortunate to get to know Agnes after that. We shared meals at her house, Carol's house, my house, and Blackbird's.

We also shared a love of music, art, and writing. I often saw her at concerts at White Concert Hall. My fondest memories are attending the July 4th community-wide celebrations at Grace Episcopal Church with her and Carol.

Agnes was a woman of grace, kindness, and talent and I will miss having her in my life. My condolences to her family.
