“ Mike and I were classmates and the best of friends during our high school years at St. Lawrence Seminary. Mike was genuine, a great farm boy from Kansas that just really liked everyone he met. For example, the freshman class, a group of 90 guys assembled from all over the US, voted for their class officers in November of that year, a few months after we all got to know each other. Mike was voted almost unanimously as class president because he was so likeable, genuine and considerate. Mike and I kept in touch over the years as he went through medical school and at class reunions; he never missed the opportunity to reunite with his high school friends. I am so happy that he and Cindy visited us here in Arizona last March.

Mike had a sense of humor; one of the many things I'll miss are the consistent email jokes that I always received from Mike.....a great touch to stay in contact between two farm boys from the Midwest.

“ I am so sorry to hear of this tragic loss. Dr. Giessle was my dermatologist for years and I always appreciated his practical approach and sense of humor. It is distressing that he did not have a long and satisfying retirement--he certainly deserved it.

“ Dear Cindy and Family,

Michael took loving care of me and our family for many years. He was known in the medical community as an excellent diagnostician. He often diagnosed medical issues in his patients that were unrelated to the presenting dermatology problem.

Michael was a physician in the tradition of the "old school" of doctor. He took time with each patient. They never felt hurried or rushed. He understood the importance of "schmoozing" with the patient. Over the years he and the patient came to know each other. A bond was formed. This is the heart and soul of medicine.

He will be missed by patients, colleagues, and family. Thank you for sharing this wonderful man and physician with all of us.

“ Michael and I were high school classmates in Wisconsin. We hadn't seen each other in over fifty years. But recently Facebook gave us the opportunity to have a small bit of communication after all that time. I'm so glad that a fine young man turned out to be a fine person, and doctor, who will be sorely missed. May he enjoy the perfect, eternal happiness he always believed in. And may the good Lord be with his beloved and bereaved family, to strengthen and comfort them in their sorrow.

“ Dear Cindy,
My heartfelt condolences to you and your family on the loss of Mike. Just last night one of the nurses we used to work with informed me of this very sad loss. Mike was an excellent physician (and I can say this since I was one of his mentors...or should I say he was one of mine). More important than that, he had integrity, kindness, humility, and honor. He was a joy to work with. I have and will always have the utmost respect and affection for him.
With love from Thelda (Kestenbaum, M.D.) (my cell is 913-620-7905; call me at any time Cindy)

“ Mike was my cousin and we had some good childhood memories together. Although we had not maintained consistent communications over the years, outside of occasional contact at family reunions, I am so grateful I was able to talk to him recently. He called me on the 20th of April and we had a great conversation for well over an hour. Talked about careers, travel experiences, families, childhood memories and genealogy. (We both had a keen interest in our ancestors and a sense of place. I am grateful we were able to engage each other that day. I will never forget it. I feel blessed that he picked up the phone and called me.

He will be missed by so many. He touched many lives and was a good and faithful servant of God while he was here on earth. I know Cindy, the children, grand children, brothers, sister and his many friends will miss him dearly. My prayers, as well as those of my immediate family and siblings are with you. May God bring you comfort and peace in your time of great loss.

Rest in peace good and faithful servant.

“ As a retired employee of Cotton-O'Neil Clinic and a patient of Dr. Giessel I have many fond memories of him. As a physician he was caring and kind and as we all know a true workaholic. “ In the early 90's I was referred to Dr Geissel by Clovis Bowen MD. I had a sore on my knee that wouldn't go away. Dr Geissel treated me and I had a biopsy taken. It came back that I had discoid lupus. We both were taken aback because at that time there wasn't much talk about lupus. I continued taking the meds and for 10 years the lupus went dormant. Today I'm proud to say I no longer have lupus. Dr Geissel was very kind and the meds he prescribed worked and I will always remember him as caring and did everything he could to keep me informed about lupus. It was shocking to see his name in the obituaries. Forever grateful to a wonderful human being. I pray that you find comfort in knowing that all who knew him loved him. May God wrap his loving arms around you and your family. Sincerely
