“ *My condolences on Amber's passing. I'm just finding out a year later and I'm just devastated. I don't know if you remember me at all, I dated Amber off and on for a year or two. She was one of the more mysterious, brilliant, and wonderful people I ever knew. If someone could contact me via email I would appreciate it. We didn't have any mutual friends and I just feel terrible for not being able to celebrate her life at the time of her passing.*

“ *What a shocker, I just found out a year later that Amber is gone. We loved each other very much at one time, and my heart is just broken knowing she's not out there, making the world a smarter and better place. Rest in peace to the great mystery woman of my life.*

If anyone reads this and can somehow contact me via email, I'd appreciate it greatly.

“ I just received the news of Amber's passing today. I have called sprint 411 atleast a half a dozen times trying to find you guys. I am absolutely devastated. Amber was my very best friend in junior high. I remember our trip to wild waters in Reno. We had such a blast. My heart reaches out to you. Please email me as soon as you get this. I cant express how much this caught me off guard, or the depth of... I dont know quite yet how to feel, maybe just disbelief. My prayers are with you.

“ My name is Michelle Hoferer and I would just like to give my condolences to Amber's family and friends. I was shocked to hear this news. What a sweet lady. I only new Amber as an aqantence but she always remembered my name and she always greeted you with a smile. I went to school with Amber in Hawthorne and like I said she always had a smile. I would just like to say she will be missed by many.
