“ *It has been many years since we last spoke Tom. When Diana and I received the news about your son we felt a need to reach out to you and let you know that you and your family are in our prayers. May God bless you Tom.*

“ *To Tony's Family:*

*I had the privilege of being one of Tony's professors while he was in pharmacy school. When I decided to return to pharmacy school as a student instead of a teacher, I sat in the seat where his wheelchair had been just a few years earlier. The last time that I saw Tony was at my wedding reception just a few weeks ago. I'm almost certain that his smile was equal in size to my own as he was busting at the seams with joy for us. Last Sunday, I went to a tiny little foot bridge behind our church and I just stood there on that bridge looking out over the great expanse of land and thought of Tony. As the breeze blew over me, I thanked God for allowing Tony to have been a part of my life and as I closed my eyes to pray I felt the warm sun on my shoulders that I was certain was Tony's smile. There are just not any words adequate or eloquent enough to express the depth of my sorrow for your loss but perhaps you may find comfort in knowing how much he was loved.*

“ To the Woltkamp Family- Although I did not know Tony, I know his grandma, Mary Doris. I am a nurse and have several bipolar clients I see working in public health nursing. I also have a friend who is bipolar. Through her I have a better understanding of this condition. Getting the message out to others like you did, Tom, took great courage. I hope and trust it will make us all more alert and aware. My sincere thoughts and prayers are extended to all of you.

“ My heartfelt sympathy goes out to your family. My husband also was afflicted with the bipolar illness. I am thankful that he is faithful in taking his medications, but this illness truly affects the entire family! It sounds like Tony was a wonderful person. Most of the entries stated how he always had a smile and made others laugh. However, the illness can change all that. My thoughts and prayers go out to you. I am so very sorry for your loss.

“ To the Woltkamp Family, my thoughts and prayers are with you. I worked with Tony at St. Francis and he was one of the first people to greet me and make me feel comfortable. I will miss his laugh, his smile, his humor, his opinions, our wheelchair races but most of all his knowledge. Whatever I asked him, he knew the answer. He taught me so much. I feel blessed to have known him and I will always hold a special place for him in my heart. Take comfort in knowing that his pain is gone now and he is resting in the arms of our Lord and Saviour, Jesus Christ.

“ To the Woltkamp family,  
My sincerest sympathy extends to you at this time. I was one of Tony's preceptors at KUMC during pharmacy school where he was a joy to be around. He was always so pleasant and put a smile on everyone's face. He was a very caring man with a heart of gold. I will always remember Tony for his Wookie noises and the book he gave me to educate me about Star Wars. There will never be another person like him!

*May the Lord be with you during this difficult time - We may never understand but will always know he is in a better place.*

“ Dear Tom and family,

*I am so sorry for your loss....I can't even imagine. I know how very proud you are of Tony and the accomplishments he made. I was in awe of your strength when I saw the interview on TV, and in your own grief you took the opportunity to educate people about the importance of love and support, and medications. May God grant you peace in your hearts knowing that you did everything you could to help Tony.*

“ With a heavy heart I extend my sympathies to the Woltkamp family. I attended Assumption and Hayden with Tony, and I have nothing but the fondest and funniest memories of Tony. He was always a good friend to me, and always had a hug for me EVERY time I saw him! He was always the happiest, outgoing, athletic kid with a heart of gold that you'd ever know. I lost touch with Tony after I left Hayden, but I thought of him still as one of the warmest and most genuine people I had gotten to meet in my journey. And I am blessed that God saw it fit to incorporate him into my life for the time he did. His life and death have sincerely impacted mine, he will be missed. My prayers at this time have been with those struggling with grief due to his loss. May you find peace.

“ Tom and family, I am so sorry for your loss. I only met Tony 2 times, once at one of our first class reunions, and when Mellisa and Nicole got together over a holiday break. Both times I thought of how much he reminded me of you at MPH, he had your same smile. I know how hard it had to be to tell his story the past few days, but I know it had to have helped another family deal with a loved one with Bi-Polar issues. Your strength is amazing and I hope you continue to find strength and peace knowing that you have helped others.

“ Dear Tom - Please know that Tony's story has been and will continue to be so very special to us. The times we've shared our experiences as loved ones and caregivers of our sons who lived with similar daily confusing and at times insurmountable challenges, will always be special and close within our hearts. Perhaps we'll see real cures and solutions to balancing life in our life times. Please try to have peace of mind and heart.

“ Tony's family, I too was a classmate of Tony's at KU. He kept me company in class during my second pregnancy when I could no longer fit in the desks. I will always remember how he made me laugh and continuously asked how I was doing. He was a very caring man! He will be missed.

“ Dear Woltkamp Family,

*I was one of Tony's KU Pharmacy classmates. He was an amazing person with a positive compass for everyone he interacted with. I remember hanging out in the library studying and joking. He is now above the pains and troubles of this mortal world, but he will be greatly missed! May God soothe your pain, but make your fond memories resounding.*
