“ Paul, Anna and John,  
Betsy was an original and she was truly admired and respected. Although words are small comfort, please know that many thoughts and prayers are with each of you at this painful time. There are many fond memories being recalled of Betsy and her impact on so many while she was here. I especially remember her stories of you both, Anna and John, whom she loved with all of her heart. May time bring you all some measure of peace and healing.
