“ *My parents were friends with Bill and Peggy Weber and I have to let you know what tremendous people they were. When we would visit their home they would always greet us with a smile and engage in conversation with us. The Weber's seemed to truly be very interested in what we were saying. As a child that meant so much to me. Later when I would see them as an adult they would show me the same thoughtfulness they had show me as a child. What a special place they have in my heart. Thank you for sharing them with us.*
