“ *I am sorry for your loss. Brian helped me find a special tree for my front yard just last year. He was so nice to locate it & he even helped me plant my new tree after he ordered it for me. I knew Brian from high school and he was always kind to me. God bless you, I'm very sorry to hear this news.*

“ Brian, you were another brother to me! You always watched our for me! Plus it was so fun to have you as a neighbor! Our parents always thought they could trick us on where they would hide our presents but we could always find them! Even if yours were at my house and mine at yours. I have so many fun memories of our childhood together.

Brian was my best buddy growing up. Rick his father would always take us skiing, fishing, and motorcycle riding. So many wonderful memories, and he was an all around great kid, and person. Time, and life happened as we grew older, but we always stayed in contact, just not as frequent. This news is so sad to me, I just saw you a few months ago, and we had a few laughs. You where a great friend, and your memories will always be with me. I love you brother!
