“ *We remember when Cecil & Jackie moved in next door. They were so friendly right from the start. While it was great to watch them work their garden, it was even greater when they shared the fruit of their labors with us. Cecil also loved to fish and he always shared his catch with us. The fish was even cleaned, filleted ready to cook. Um um!*

Other than that Jayhawk flag they flew during basketball season, they were the greatest of neighbors. It was tough to move away from them but we tried to keep up with them and their families. We could have done a better job of that and we are sorry.

While we will surely miss Cecil, we know he is in a much better place and will all be reunited when the Father sees fit.

“ *We will always remember Cecil's good nature and kind heart. I will never forget his kind and energetic neighborly greetings; Ed will always cherish the wonderful conversations with him on his visits while walking Chappy. Fourth of July will always be special to us as we remember viewing the Lake Sherwood fireworks from our street. Cecil was the best of neighbors to all of us on Staffordshire and we look forward to supporting Jackie in coping with her loss. Ed Klein & Patti Petersen*
