“ Grandpa, I have so many special memories with you. Some of my favorites growing up are when you taught me how to cook everyday before camp in the summer. You taught me how to drive.. very brave of you. You helped me with my school work and we would put all of your McMillan McGraw hill packets together. We would also take special walks around the governors mansion then you would have to pick all the ticks off of me when we would get lost in the wooded area. The day you met your great grandson Otto my heart just melted because I could see the love and joy you had in your heart for him. "This boy needs a haircut" are words I will never forget you saying. We had a very long special talk on Veterans Day and I will always cherish all of the special talks we had and we had a lot. I love you and miss you and your memory will live on in my heart and your great grandchildren will always know of you and how special you were to me. Love you, Victoria

“ Dale, you definitely earned a special place in my heart in the short time I've known you. Everytime Olivia talked to you, you always took the time to ask how things were going with me. You always made me feel like a member of the family, and that always meant a lot to me. You've always supported my relationship with Olivia, and I want to thank you so much for that. Olivia always said that you told her I was a keeper and that meant a lot to us. The last thing you told us was that we were doing a great job raising Avery. I'll always hold onto that. Avery will always know who her great grandfather is, and she will always love you. You will be dearly missed Dale, and never forgotten. We love you. Rest in Peace Dale.

Greg, Jamma and the rest of the family my heart goes out to you.

“ Grandpa I also wanted to thank you for all the walks we took through the Governors Mansion Trail. All the laughs we had while you taught me to drive. Thank you for always taking me to the Carousel and Train. There are so many memories but these are the ones I will cherish the most. I could go on and on but you are the best Grandpa a girl could ask for. Victoria and I will always be your "pumpkin"

I love you and miss you so much!

“ Grandpa

I will always cherish the memory of ALWAYS being at your house as a little girl and falling asleep on the couch with my head on your belly. We took so many naps just like that. I loved how you always made breakfast for us and drove me to summer camp after Grandma passed. I will never forget working at Ward Meade with you for all those years and seeing your smiling face as you walked in Sunday mornings and asked "what kind of trouble are you and Gayle getting into". I want to Thank You for giving me the honor of passing down Grandmas name to my daughter. You have given me so much amazing advice over the years. The last thing that meant the world to Matt and I was when we came and sat with you at Aldersgate 2 weeks ago, Avery was walking all around your room laughing and I will forever remember that smile you had on your face while looking at your Great Granddaughter. The last thing you ever told me was "Matt and I are doing an amazing job raising Avery." Hearing that from you meant the world to us. You will forever be in my heart Grandpa. Matt, Avery and I love you so much. There wont be a day that goes by that I won't miss you or think about you.

I love you so much Grandpa.

Sympathies to the family.
