“ Mike, Jeff, and your families....I am so sorry to hear about both your folks passing away in the last month. I know it is so hard to deal with, especially with them both so close. Both my folks are gone also, so I know the empty feeling it can leave you. I would tell you, from experience, to hold on to the love and memories they left you with, and embrace your own family and friends for strength. Their love for each other, and the pride they had in you, as their family, should help you enjoy those memories, as you move forward with your own lives. IF I can do anything to help you at this time, please let me know.
