“ There are so many wonderful things I could say about you grandpa. You were an incredibly talented man, growing up I enjoyed watching you work down in the basement on the train station you built. It was and always will be the coolest thing I have ever seen. Making houses from cereal boxes and the detail of each piece was amazing. You will forever be missed and always in my heart. I love you!

He was the greatest man in the world. He worked everyday to support his family and make sure that we never wanted for anything. He loved working on things and building stuff. He has always been very special and will always be special. Never will he be forgotten, he will live on in the hearts and souls of everyone whose life he ever touched. I love you daddy r.i.p.
