“ *Dear Hupp family,
I'm so sorry to hear about Doug. I know he will be missed. I worked at 812 Jackson in Topeka and like to see and talk to Doug when was in the building, he always had a smile and something nice to say.*

“ *Sara and Family, I am so very sorry for your loss.
Though I never had the pleasure of meeting Doug, I have heard some really nice things about him. For instance, apparently he had a bit of an ornery streak and would joke around with his co-workers and friends from time to time.(smile)
My thoughts are with you at this most difficult time. With sympathy,
Carrie*

“ Dear Kathy, Sara, and Caitlin,
We are so very sorry and so saddened to know that Doug has passed away. We remember all the school functions, all the sports events, all the Seaman Afterglows we worked at together and enjoyed with you both. We will miss Doug--knowing he is not here. God bless you all. You are in our thoughts and prayers. Larry and Diane VanGilder and Family

“ Dear Hupp Family,

While I never worked with Doug directly, we did take a class @ Topeka Technical College together some years back, and I enjoyed his humor and wit immensely. I have also come to know Sara from my work with the Kansas Relay Center. Again, I am very sorry for your loss.

Best Regards,

“ Kathy, I don't know if you remember me or not. I am a third grade teacher at East Indianola. Those of us here when you worked with us are shocked and saddened by the death of your husband and the father of your children.

Know that I am thinking about you and hope that memories of your time with you will become treasures.

I have not forgotten you. During a third grade lesson one day on angles, you were in my room. For some reason, I wasn't in full focus that day and you corrected me on misinformation I gave to the class. I was grateful you did that and always think of you when I teach that lesson each year. You were wonderful with the staff and the children. I hope you are enjoying whatever you have been doing these days.

I think Sara and my son, Eric, were in school together. I don't know what Sara is doing, but Eric is a mechanical engineer in Pennsylvania, still unmarried and enjoying his job and life.

I am thinking of you, Marty Rosa
