“ I met Dr. Patrick 30 plus years ago as a new mother & expecting again. He would greet me with a smile that calmed my nerves. When my child wouldn't stop climbing on everything & had bruises on his legs that threw me in a panic, Dr. Patrick was kind enough to tell me I was doing a good job as my son was off the charts for height & weight. Dr. Patrick cared that I had my hands full & listened to my frantic descriptions of coughs & colds. When he told me to go to hospital with my son & he'd meet me there, he was there. He gave me comfort & peace during a hectic time & I haven't forgotten him. He was amazing. I'm sorry for the loss of having a smart & caring man gone. My prayers will be for comfort.
Sincerely, Melinda Lerma & Jarod & Hope.

“ Dr Patrick was the "Best" with our children. He always put them at ease with his "Hello ladles and jellyspoons" as he entered the exam room. We loved the way he listened to even the most silly comments from our kids with interest. He simply was the very best doctor and we were so blessed to have him watching over our kids. Thank you to his family for sharing such an incredible person with his patients. May God bless you with happy memories of a very kind man.

“ I am greatly saddened to learn of Ed's recent passing. So many memories from junior high school on of my "take charge" friend who seemed to always know the right thing to say and do. Camping, basketball, folk singing, school activities--Ed was a border collie. I had no idea until recent years that he was also a fabulous nature photographer. You married a great man, Jane.

“ To Jane and Dr. Patrick's family my sincere condolences to the his family. I remember meeting him the first day he came to actually see patients and work with the other doctors in the group. I was covering for the RN in the office as she was on vacation. I immediately remember the big smile and twinkle in his eye. We joked a lot over 20 plus years I worked in the office. He was an excellent doctor and so patient with the children and parents. such a caring friend. T.A. Parks, RN.

“ In addition to being a great brother-in-law, Ed was a caring pediatrician. My sister, Sharon, was raising a Down syndrome daughter in Topeka. Ed was Hannah's pediatrician long beyond her pediatric years. Hannah loved "Dr. Packi" and he was a great help to my sister, a single mother. Occasionally Dr. Packi and Jane would take Hannah out for pizza - a treat for Hannah and Sharon. Ed will be greatly missed.

“ Ed was a fixture to me up in Wisconsin. Any question I had about what was going on at the lake, I'd come to him. He introduced me to underwater photography, bringing a new appreciation of nature to my life. He'll be incredibly missed. <3 <3

“ As a pediatric nurse practitioner, I had the honor and privilege of working with Dr. Patrick. I believe I was the 1st nurse practitioner to practice in Topeka and Dr. Patrick welcomed me in to Pediatrics PA. He was a wonderful pediatrician treating parents, guardians and children with kindness and respect and an excellent clinician.

“ I'm sorry for the loss of Dr Patrick's family he was a great man & was an amazing health care provider to everyone he served. My family especially had very fond memories of him like when he gave my oldest son (now 35) a pair of binoculars at the age of 4. And then with my youngest we were there for his 3 month check up & my baby laying on the table with me right in front of him he grabbed his head full of hair & pulled & started to scream & doc came up took him in 1 hand and lifted him up & just talked to him he quoted right down.

“ I am so sorry for your loss, it is a great loss. Dr. Patrick was my pedestrian for as long as he could keep me. However, it was his love and keeping my Aunt TT w/ Downs as long as he could into her twenties and would take evening calls from my grandma if she needed something. I remember his smile and love for all that he helped. Grandma was also a foster mother and he helped her out with those littles as well. I will forever remember his smile and love the photo you have here showing that smile. He impacted many lives and will live on forever!!! Praying for all of you during this time.
