“ We're so very sorry for your loss. Harold and Mike, Nancy Reagan said, "There should be a strong feeling of fulfillment for the surviving spouse and family. You can hold on to this thought, 'I got through this. I was by his side, even when he didn't know I was by his side.'" And so it was with Betty and you.

We grieve with you, but also celebrate her being freed from the horrible disease that took her from you so long ago.

“ To all the Worswick family we have known and loved for so very long, our sadness is with you all, but happy that Betty is now playing golf with Karen, Mom & Daddy. What a 4-some. I will always remember Betty as my "little wine drinking" friend and so many other memories. What a wonderful lady. Kenny & I saw Betty the morning she died, in the dining room at Clare Bridge, when we were cleaning out Grant's room. For that, we are grateful. Love you all. You have always been like family. What fun times we had.
