

Eugene "Gene" Ralston

September 5, 1940 - April 23, 2024

Eugene Bowers "Gene" Ralston, 83, Topeka, Kansas, passed away on Tuesday, April 23, 2024.

Gene was born in Wichita, Kansas, on September 5, 1940, the son of Julian and Virginia Bowers Ralston. He graduated from Wichita East High School in 1958, Wichita University in 1963 and Washburn University Law School in 1966. He was the founding partner of Ralston-Pope-Diehl Law Firm. Gene married Diane Michaelis on August 25, 1978, in Topeka. After they were married, they started Ramich Farms in 1978, starting with Thoroughbred Horses but realizing American Quarter Horses was the direction the Farm needed to go. Gene was a successful Horseman. Ramich Farms won American Quarter Horse Breeder of the Year and raised several champions. Gene's favorite horse was First Regards.

Gene was a member of the Fairfield Polo Club and played Polo from the ages of 14 through 23; he was a goal 3 player. He was also a member of numerous trial law organizations, which include the American, Kansas, and Topeka Bar Associations, Association of Trial Lawyers of American and the American Board of Advocates. The one enjoyed most was the Lawyers Club in Topeka. Gene had been bestowed many honors from various associations and it never felt as though he wanted to be the recipient of those honors. Gene shunned the accolades of his success because he did not do it for notoriety.

Gene's love for the law was in his ability to use it to help the poor, the injured and the disadvantaged. He felt his greatest success was changing the law to protect children and people with disabilities from being taken advantage of. He was one of the lead attorneys in changing the law regarding heart transplants. Gene was involved in requiring psychologists and psychiatrists to disclose dangers patients may pose to others around them.

Gene is survived by his wife, Diane; children, Christopher Ralston (Sarah), Kirstin Ralston-Coley, Jason Ralston, Blair Ralston and Paige Spirk (Joe); grandchildren, Josh, Jon, Xavier, Olivia, Sam, Austin, Copeland, Emma, Triston, Ashton, Dean, Morgan, and Nolan; siblings, Bill Ralston (Shirley), Peggy Poma (Richard) and Sue Hatfield; and many nieces and nephews. He was preceded in death by his parents, and uncle, Eugene Jackson Ralston "Uncle Jack."

Gene's family said a long goodbye, they will never forget who he had always been to us as a devoted and loving father, grandfather and husband. Even as Gene deteriorated, never too far from him were the very best parts of himself.

“*Diane and Family -*

I just now found out of Gene's passing and am so very sorry. I was Gene's legal assistant for at least 25 years. By far - my most favorite. He treated me more like a daughter than his assistant. I have many great memories of Gene and am blessed to have worked for him for all of the years I did.

Diane - my prayers are with you and your family.

*I worked for Robert Buck attorney. Mr Buck sent Gene all our medical malpractice cases. Gene was so sincere and cared for each person; he was especially caring when the injured was a child. One child he represented had red hair. Gene said: "He reminds me of my son, Christopher." It broke his heart. Gene was a good, kind person and he knew everything about the law.
I am so very sorry about your loss. Sincerely, Ila Cheatwood Bridwell.*

“ I had the pleasure of knowing and befriending Gene in the latter part his life. I enjoyed his company and friendship. We enjoyed just getting together and talking about everything under the sun. I never knew Gene in his earlier life, but I've been impressed reading all the great tributes from friends and family. Diane, you did a great job and I'll always admire you for your constant love and dedication to Gene. My prayers go out to all.

“ Gene was a lead defense Attorney for State Farm in the Topeka area for many years. In 1978 I was in claim school in Bloomington Illinois. During a lecture the teacher, who had been in Topeka before being promoted, related a case how great State Farm uses the best attorneys . He saw a case where a man got sued for calling another person a SOB. The case was tried and Gene the defendant's attorney proved the plaintiff was an SOB.

“ *Diane and Gene never knew a stranger. I don't know which one of them had more energy? We met them through church and children's theater activities. When we lived in Topeka Paul and I were always welcome in their home. I loved standing in their driveway chatting about their horses as we looked at memorabilia. Gene loved life and embraced its challenges and successes. He made a difference in the lives of those who were lucky to know him.
May God continue to bless and support his family during this passage of time.

Diane and Gene always welcomed my boys as family. When they spoke of him he was Uncle Gene. Joe loved working the ranch for Gene and Diane. The younger boys loved hanging out there or lending a hand. A wonderful atmosphere for my boys to be in as teenagers. Gene was very helpful to me later as I needed advice or legal help. His memory is cherished by my family. Rest In Peace my friend. See you on the other side.

“ I knew Gene by reputation, long before I got to meet him. He was a legend as a trial lawyer. Our first encounter was in the courtroom. Gene was a true competitor. We were before a judge who was known not to put up with any BS. As we were picking a jury. Gene moved for a mistrial. We got into an argument as it got more heated the sheriffs were called and we ended up in the Judges chambers. Neither one of us would give in. Neither one of us gave the judge a chance to talk. Realizing he had lost control, the judge left, and Gene and I were arguing in front of two sheriffs.

Shortly after that, I heard from a mutual friend that Gene had hired me. I called him up and asked him What was going on? His only response is he forgot to call me and tell me. After that, he and I started a long relationship as law partners and friends.

It was an honor to work with him. It was a privilege to call him my friend. He was an amazing man and an amazing lawyer. *Memento mori* Latin phrase Meaning remember we all must die. This was said by the Romans In conjunction with the phrase *Memento vivere*; remember we all must live

From his family to his law practice to his love of animals

Gene had a thirst for every minute never afraid of a challenge never shying away from a risk. Gene lived every minute to its fullest. We all know we will die he always remembered to live. I will miss our long talks as we solved the problems of slow horses, negligent corporations and anything else that came to mind together over coffee in the morning.
