“ Uncle Everett was a true gem. My favorite memory of him is the tireless energy he had for us "young kids" at our family reunions at the lake. He was an amazing man who made a difference in every life he touched.

Kelli (Miller) Crain - March 30, 2017 at 03:48 PM

“ Everett was an affirmation of what God had in mind when we humans were created. Along with his family we grieve his passing, and celebrate having known him.

“ Everett lived his whole life as an inspiring example for others to follow. He expressed the best qualities of our Dad. His strong, cheerful, gentle and compassionate nature made it a joy to visit with him. What an inspiration he has been to me and will continue to be in my mind and heart.

“ Stopping by to chat with Everett was such a pleasure, given his comfortable manner and his welcoming smile. That smile was always accompanied by his encouraging us to bring our grandsons over to fish. It was a real privilege to clear snow from his driveway because it gave me the opportunity to visit with and to enjoy his conversation.

*Our thoughts and prayers are with the family and friends. We are sorry for your loss.*

“ I will miss you so much Everett. I'm 70 years old and you've been an important part of my life, all my life. Never once did I hear a harsh word from you in all those years. You were unfailing kind and gentle and always showed me so much love. You were an amazing gift to our family. I don't know why we got so lucky but God blessed us all so much when he gave us you. I hope your having a wonderful reunion with your other brothers who have gone before us and the rest of our loved ones. I couldn't be happier for you. God has brought you to His magnificent glory, I have no doubt. If anyone deserved heaven more than you, I don't know who it would be because in my eyes, you were a saint on earth my whole life. You never disappointed Everett. You always did what was right and good. We all love you so much and look forward to seeing you again some day.

All my love,  
your baby sister,  
Bonnie
