“ *I work at Cotton O'Neil in Minor Acute care and have had the pleasure to have known Frances over the past few years. It was an instant connection when we first met. We see patients when they do not feel their best, but Fran was always as upbeat as possible, her humor and warm caring way always brightend my day. I seen her last a few weeks ago and we always hugged and our goodbye after her visit was I Love You yelled down the hallway! What a special memory she will be with me, I feel blessed that she has touched my life, she will be greatly missed and always remembered as a very special friend.*

*Sincerely,
