“ Dear Theda and family,

I am pretty late to offer condolences. I knew George and worked with him after he retired from the Fort. I think he painted houses and did other handyman favors for the elderly for free or next to nothing. Once or twice we worked together and I very much enjoyed his company. One time he told me this joke that I found today in my Journal from 1981:

*George Sellens, a friend and a fellow painter, tells me this story:
“Two farmers were talking. ‘Elmer, how do you keep hogs down at the old Jones place? There’s no water down there.’*

*“I have to herd them 5 miles every day up to my place to the well,’
Elmer said.*

“Doesn’t that take alot of time?’

“Oh, sure, 2 hours down and 2 hours back. But what’s time to a hog?’”

I also remember that once for some reason I wrote George a check, and you endorsed it and on the back with your endorsement you wrote "Thank you." You were the first person I ever knew to do that.

Now I am 83, the very same age that George was when he passed some fifteen years ago. God bless you and God bless are the Sellens family.

“ Dear Theda,
You may not remember me, but we met back in the late 70's or early 80's in Manhattan in a Bible study. It may have been a Friendship Bible Coffee. I read George's obituary and wanted to let you know how sorry I am that you are widowed. I have thought of you off and on throughout the years and wondered how you are doing, but never made contact. I was suprised to see that you are now living in Topeka. Please accept my sincerest sympathy. May God bless and comfort you and your family.

“ I remember George always loved food and his family! He had a stubborn streak but he would do anything for his friends and family. I know he'll be missed. Please know I'm thinking about you. All my love, Melissa

“ Theda

It just seems like yesterday that David, George, and the Bodolotos and I were playing catch and hard ball practicing on N 15th. I know that George is in smokepole heaven shooting the covy rise and David is probably still wearing casts. I was sorry to read about Georges death in the paper. We enjoyed lots of good hunts together. Remembering you and your family in my thoughts and prayers. Melvin Padgett

“ George worked for me when I was The Director of Industrial Operations at Fort Riley. George's responsibilities were significant; Food Service to the Troops, Commissary Operations and the Post Laundry. George performed his duties with a high level of professionalism and his own brand of characteristic good humor. I knew that I never had to worry about George's operations they were always "squared away". Some of my fondest memories of my Army career are touring George's operations while he filled me in on the latest status of his outfit. On behalf of my wife, Marcella and myself let me extend to all of the Sellens family. We will miss him. Bruce & Marcella Mignano

“ *It was truly a joy to get to know George during our relationship together. I'll always remember his service to our country, his dedication to his family, and his generosity and caring for his fellow man. I know that the family will miss his leadership as will I. I also know that he made his mark by the family that he leaves behind with Theda. May God bless you all.*
