“ *I was saddened to hear about Greg and he and your family have been in my thoughts and prayers. I want to let you know that although I never got to know Greg as much as I probably could of when we were in school, he was always good to me when we had some classes together. My older brother Don knew him even better as he was much more athletic and I know he always had good things to say about him and his abilities as well. I ran into Greg maybe four years or so ago and he suprisingly recognized me first after many years (after a couple of decades). He was intensely working out at the Y and destined to be successful of what still appeared to be his passion for sports. Anyhow, just wanted to let you know these things. There again, you are in my thoughts.*
