My late husband also a physician and I were stationed at Elmendorf AFB. Greg and his wife moved in across the street from us on the base. We became friends and also got to know the kids a little. Greg was a wonderful guy in the short time we got to know him. I passed a street yesterday called Quinlan Rd in Austin. It made me recall Greg and I googled his name. I'm sorry to see he has passed away so young. My husband Wm McQueen MD passed in 2013. May his memory be eternal. Along with his wife and son. ❤️

“ Dr. Quinlan was my doctor many years ago, and treated me with dignity. But more than that, he was a wonderful human being. Even though he was no longer treating me, he never forgot me, and that was a good feeling. May his memory be a blessing to all

“ Greg Quinlan was my best friend at Independence Junior College and Pittsburg State. We shared a lot. We even shared an apartment with Steve and Paul. We were the four compadres! Two went to KCCOM, one becoming a chiropractor, and me. I know that he suffered greatly. For that I am truly glad that he now rests in a better place. May God bless Tym and the whole family.

Sincerely,

“ Dr. Quinlan was an amazing man . He loved to help others. He helped me pay for school, when I worked for him. He loved his family, friends, and those he served. I know his legacy lives on with his daughter, and grandchildren.

Greg was a colleague of mine for many years at Fort Scott Mercy Hospital. He was a fine ophthalmologist, his meticulous attention to detail serving him quite well in his specialty. He operated on my wife's eye with perfect results. Engaging with a good sense of humor, I enjoyed working with him. Rest in peace, my friend.
