“ Today is August 25th - I just found out today, that Jim passed June 23rd. I was at a car repair shop that Jim sometimes used for certain jobs - when I asked about him. That shop is now taking care of my car. A mutual friend was suppose to let me know when Jim got worse or died - but that call never happened! So, I am just now finding out Jim is gone.

He serviced my car(s) for years and was always friendly and joked about many things. I made several trips to Montana - volunteering at a resort near Glacier National Park. I always took my car to Jim - to check all the hoses, belts, fluids and such ahead of my trip. I never had a breakdown either going or returning home for about 5 years. I always knew he would tell me the truth and advise me on certain repairs.

I'm so sorry he is gone. I did call his daughter that worked out by West Ridge and got Jim's address, so I could send him a thank you for the years I had known him. At least I got to tell him those thoughts last year.

My sympathy goes out to all his family. He was unique and quite a character. I enjoyed knowing him. He was a GOOD GUY!!

“ Was planning to stop in and see Uncle Jim next time I got up to Topeka, again. It's been too long. Guess it'll always be too long now.

I wish you a peaceful journey.

“ I was saddened to read of Jim's passing.....hanging around the station from the time I was barely a teen, having Jim and Harry work on my vehicles, the fuel dragster pass down 10th Street, and on, and on.....Jim was surely a one-of-a-kind and will be sorely missed.

God Bless Jim, and God Speed his loved ones, family, and friends through these trying times.....we'll do some burnouts again one of these days my friend,

“ I've known and liked your Dad since the 60's. Always a fun guy, but more importantly, a good guy. I always made it a point to stop at the station when I was back to Topeka and he always had time to talk, just not too much. He " had things to do". Jim took care of my parents cars after I left town, including service calls to the house and they and I appreciated that. I know you will miss him, but a lot of other people will as well. RIP my friend.

“ Jim was a great guy. I lived next to the station years ago and would walk over to visit with him, Harry and Duke.

“ *Mr. Marcy repaired countless cars for my two sons and me over many years. He was always honest and fair. He was a very pleasant guy to do business with and one a person could trust. He was so proud of his daughters.*

*If Mr. Marcy is not in Heaven the rest of us might as well quit trying.
God Bless him.*

“ *Marcy called me Tiger for as long as I can remember. He and Pat would come see me at Golden Corral every Friday night for dinner. So glad I got to see Jim and Harry when I was home last time. Jim, you will be greatly missed, say hey to Pat and give her a big hug. Love you my friend.*

“ Jim & I became friends when we both worked for Stan & Betty Newton at Harding Wheel in the early 50s. We have remained friends for all these years & shared a common interest for "things with motors that go fast". He was a GOOD man & will be dearly missed by a LOT of people. Rest in peace my friend & give Pat a hug.

We love you-
