“ *Mom, my prayers are with you. Grandma knows we love her and how many great times we've had with her (I remember the easter egg hunts and the cooking at her place--especially the beef stew, and even the holidays when she came here--when we were really young.) We love you.*

“ *Mom,*

I'm sorry I'm not there for you right now. My thoughts and prayers are with you and the family.

I was trying to remember times that we visited Grandma and Grandpa. One of the things that sticks in my head most about Grandma was her elaborate 5+ course meals. Unfortunately, I was too young to appreciate them. If only I could try them now...I know I would love them.

I hope today is a day filled with joyful memories.

I love you.

Love,

“ Pam,

I was sorry to learn about your mother's passing from Mark. I noted that she was the same age as our father who died three years ago now. I do plan on sending something to the hospice in her name. Thinking of you and your family at emotional time.
