“ dear legler family, please accept the condolences of myself and my sister on the passing of dr.legler. for us, he was more than just a doctor,we considered him a friend and we will miss him greatly. when we had visits with us, he was so thoughtful and considerate,taking the extra time with us to address all of our concerns as i'm sure he did with all of his patients. once,dr.legler and i sat and talked for so long about everything that the nurse peekd in on us to see if everything was ok. we weren't even discussing medical issues, but simply talking. that's how special he was.he was a man that his family could be proud of as i'm sure you are. i feel that i'm better off for having known him and was always glad to be going to the doctor just to see him. god bless you all and god bless dr. jean legler. lisa and patricia bradford.

“ Dear Leger Family,  
Jean & I practiced Cardiology in Tulsa for many years. He was a talented and compassionate physician. We had young families at the same time and always enjoyed any times that we spent together. We are thankful for his life well lived and for our friendship. We pray for comfort for his family.
