“ So sad to hear of Jeana’s passing. I am acquainted with Darrell while sharing grocery shopping on Tuesday mornings. I knew that she had been suffering for quite awhile. My condolences to the family, and especially to Darrell, the loving caregiver, who spent many stressful months giving support to his beloved partner in life.

“ My sincerest sympathy to Deana, Wendy, Wesley, and Darrell, and Jeana's sisters and families. I have such admiration for Jeana, since I met her, some time ago at Cappers. As a speech pathologist, I provided communication learning for Deana in her early years, using sign language to support Dean's communication, language and cognitive development. Jeana, Deana, and I met in the mornings before preschool over two years to learn and use signs to develop language together. Deama and Jeana were a great team and were also greatly supportive to other education and therapy team members at Cappers.

*As I worked together with Deana and Jeana, it was, and remains, a real pleasure for me to know Wendy and Wesley as children--now with their own families--along with their admirable and most supportive Dad, Darrell.*

*Jeana was a champion for care, communication, education, and creativity for Deana and her family.*

*Certainly, this family has provided great experiences and memories for me in my professional and personal life.*
