

John Noller

January 2, 1959 - April 6, 2024

John E. Noller, 65, Topeka, Kansas, passed away Saturday, April 6, 2024.

John was born January 2, 1959, in Topeka, the son of Leonard and Agnes Glotzbach Noller. He graduated from Seaman High School where he participated in football, basketball and was a yell leader. In 1983, John and Leslie Ann Schneider were united in marriage enjoying 41 years together.

John's very first job was running a fireworks stand. He worked at the Windjammer Inn and for Pepsi Cola before beginning his painting career working for L.F. Miller Construction, W.W. Schrempp Construction and Dan Hodges. He later owned his own company, Noller Painting and Construction. John was most proud of his work on the renovation of the old Karlan Furniture building at 900 Kansas Avenue, now the home of HTK Architects, while working for Fox Builders. John was an outstanding carpenter and was proud to teach these skills to his son, Sam. John finished out his working years at Oak Creek Senior Living.

John enjoyed volunteering his skills to help at Most Pure Heart of Mary School, building handicap ramps to the portable classrooms, and at Hayden Catholic High School there were various projects including the storage building for the football practice field.

John enjoyed the simple life of a country boy, fishing, hunting, going to the drag races, sprint car races and camping at Mill Creek. He played Santa for many years and loved his dogs. More than anything, John loved his family and friends and he will be greatly missed.

Survivors include John's wife, Leslie; son, Sam; brother, Bob Noller (Bonnie); sister, Linda McDonald (Cleo); sister-in-law, Mary Noller; and many nieces and nephews.

He was preceded in death by his parents, his sister, Cindy Noller, brothers, Dan Noller and Jim Noller and his wife, Dianne, and his sister-in-law, Madelene Noller.

“ It is so hard to believe the sweet guy is gone. He always had a smile and was always there to help with home projects. I will never forget him taking up in himself to build me a breakfast bar for the house we bought up north. It matched all of the cabinets in the kitchen which was not an easy task and coming to Clinton, MO to go with one of his nephews to attend a KU Mizzou basketball games. You will always be in my heart and will never forget you John. Love Mary.

“ This is BigAl. I met John through a friend of a friend of a friend. We were instant buds. We were just around 18 or so with our long hair, loud music, and a desire to party. I am pretty sure John had just met Leslie around this same time. We all hung around each other for many years.....to this day. True friend.

Over the years we had many adventures that even today still are not quite clear. Hehe You know just a little fuzzy, but hey we all were young. John was fun to be around. Entertaining.

John was gifted, he seemed to know how to do a little of everything and oh boy John could do some nice woodwork! If you wanted to learn John always took the time to teach you. Grateful.

We had many a day fishing on the lake and passing our wisdom (maybe a few lies as well) to each other. That was some great times and feel fortunate to have spent it with a good friend. Story teller and historian of our events.

John left many good memories with many a folk, I'm sure a small part of him lives on in each of us that got to know John well. Made an impression.

As John would always say, Al lets have one, its five o'clock somewhere! Party animal.

To Les, Sam, his other kids the dogs, Vickie and myself grieve with you as John will be missed but not forgotten in our memories.

Here's cheers to you mustachio.....BigAl

“ Thinking of the good times John, Les ,Tim and I shared always make me smile. Les and I pulled off a great prank on the guys while playing pitch many many moons ago. It's never failed to make us laugh. John and I liked to razz each other something awful- all in good fun though.

We have lost a good laid back dude that always had a quick smile for his friends.

With love and sorrow to Les and Sam,
Nancy and Tim
