“ *I am sure that John will be missed by many. John had a way to get in your heart. He had moments of humor, but he also had a serious side, and was very dedicated to people and things that he cared about. The more recent years, has been “ Forever in Overalls”. John, you are among those “Gone too soon!”*

John liked to walk, John also liked to pull out his BBQ grill and grill some food. He enjoyed going to many activities and had an unforgettable smile that came from inside and lit up his face and eyes.

“ *John, we will miss your humor and smile at our meetings. You added a lot as a member of our group. You were always teasing in the most humorous day. I will miss you and I plan on meeting you again in the future.*

“ John was one of the best volunteers I worked with through Topeka Jaycees. His sense of humor was great. I still have great memories of him at our annual Haunted House and state quarterly conventions. He will be missed. Rest in peace my friend.

“ It is with great sorrow to hear that John has passed on, he will be greatly missed. But his memory will live on with you and yours , just think of all the good times you had while he was growing up. The up's and down's , the holiday's, birthday's.

Memories are a wonderful thing. Our Jim has been gone now twelve year's but we still talk about the good/bad Times while he was growing up. It's extremely hard to lose a family member no matter what their age is.

Maybe our Jim will greet John and show him around?

With our deepest sympathy please accept our condolences.

“ John was possibly the sweetest guy in the TWHS Class of 1985. No doubt his kindness will be missed.

John was one of my best friends in my singles group, He was always cheerful and encouraging. He was also humble and always very nice to me. One of the lights of my life has gone out. May he rest in peace.

“ I worked with John and he was very kind person. My favorite memory of John.... Shortly after my knee surgery I was struck ironing table clothes and John would thank me everyday. I thought what a kind gesture.

I will keep his family and friends in prayer ❤️

“ I met John through the Topeka Jaycees. I have many great memories of John when we were in the Jaycees together. He was always willing to help do anything he could and was always good for a laugh. His favorite joke to play on people was to say "your shoe is untied". We would run into each other occasionally when I would be visiting family and friends in Topeka. He will be missed by many. I pray God's comfort and peace to each of John's family and friends.

“ My name is Trevor. I first started visiting the Spurgeon house when I was a young boy, with my twin brother Joshua. My mother, Martha, was dating John's older brother, Mike(they eventually got Married, and are still happily married today). He was always a happy, playful kinda guy back then. He was quick to pretend wrestle with us, give out noogies, and let us listen over and over to the "Ghostbusters" theme song on his soundtrack, which was an awesome thing for guy to have, according to us back then. And we immediately deemed the song to be our favorite of all time. It was nice of him to entertain a couple of brats like us. Believe me, we were a handful back than. Even still today, when I see anything Ghostbusters related or hear that theme song playing, I think of Uncle John, squeezing the top of my head rapidly, which was his impression of a starving brain-sucker, lol.
