“ Oh Wow! I am listening to Music from the 60's on PBS and started to think of the wild people I befriended at that time. I met Kenny through his brother Jerry Bond, whom I worked with. Kenny was definitely a interesting person! As most of us were in the late 60's early 70's always trying to get "high"! I remember the Bond boys taking me to the "Days On The Green" at the Oakland Coliseum. To concerts at the "Governors Hall" in Sacramento. Great times! I got to work with Kenny laying brick a few times, mixing his 'mud". What an impression he made on me! He was a total ARTEST with bricks! One job was downtown Sacramento, improving the sidewalk in front of, and stairs of a Architects Office! He was that good! I was proud to say I mixed the mud for that one! Beautiful work! He also taught me what a "Arkansas Stack" was, building a BBQ at my house :-)! Many good memories! Thank you Kenny! Garry Carlson ”
