“ *Jarrold, Dalton, Sydney,
You may not remember me, but I was the nurse at your Dr.'s office for many years. I was shocked and deeply saddened to read of Kristina's death. She was one of my favorite patients, such a great mom and so loved you all! She would actually cry when I had to give the vaccinations to you, Dalton and Sydney. She thought of you, Jarrod ,as her Prince. She and I always laughed so much together. Like the song of Billy Joel 's, she was done with this life way too soon. I know you will miss her deeply. I am so sorry and hope the memories will give you some comfort. God Bless you all.*

“ *I'm so sorry for your loss. Kristi will be missed greatly. She was always such a happy person and she was always looking for ways to help at the dance studio. She helped me personally a ton when i was hurt at the studio and she was always cheering all of us dancers on while we were on stage especially Sydney and Dalton. My thoughts and prayers are with you all*

“I will love you forever; whatever happens. Till I die and after I die, and when I find my way out of the land of the dead, I’ll drift about forever, all my atoms, till I find you again... We’ll live in birds and flowers and dragonflies and pine trees and in clouds and in those little specks of light you see floating in sunbeams...” (from author, Philip Pullman)

Illness can ravage the mind and body, but the heart...the heart knows, hears, feels, believes & endures when the mind no longer can. Love that comes from the heart survives all things, it never fails.

May it be of comfort to know the Lord has released Kristi from all her struggles and tends to your broken hearts.
