“ *Lester Berry*

January 28, 2023 at 12:08 PM

“ *To the family of Lester Berry, I am so very sorry for the loss of your loved one. Lester was a truly dear person with such a kind heart and spirit. I moved out of the Topeka area about 18 years ago and only learned of Lester's passing this past weekend. Every time I hear Chamelion or Wildflower, I always think of Lester. I knew Lester in the mid-70's and he gave me some advice that changed my life forever, in a very positive way. To this day, I remember that evening, and his words, driving along in his sporty Monte Carlo. God definitely got the very best angel when he called Lester to Him. Lester made so many people happy and rich in spirit. My deepest sympathy to his family for the loss of such a very good man.*

“ To the family of Lester Berry. I am truly sorry for the lose of your son Lester Berry. Lester has been helping manage my mom & dad property for the past several years and we're all very sad to learn of his passing. I want you to know that in my limited conversations with Lester, I found him to be a very trust worthy and honest individual. He was so caring to my mom and dad that I really felt safe with him helping them in their advanced age. Living in Wichita, it was always a concern of mine when my dad was placed in a nursing home but with Lester's care towards my parents there was never a doubt and he basically became an extended member of our family. He was a good man. God Bless and may the Lord be with all of you during this time. Jeff Jackson
