“ Iris and Steve I was so sad to learn of Lisa's passing. She was such a lovely young lady with energy plus and so lovely to visit with. She made a fall garden for me that is growing wonderfully. A wonderful tribute to her and a great reminder to me of her gift. I loved visiting with her while she worked. She also cleaned up a tree that had fallen in my back yard. I couldn't believe she could do that but worked for two days and had everything cleaned up. I did visit with her at your reception and she asked how my garden was doing. I am so sorry for the pain your whole family must be experiencing but know that all of us that knew her are praying for your family. My prayers are with you. Janet Creager

“ *Lisa was a highly regarded member of our Shawnee County Extension Master Gardener (SCEMG) organization. She will be remembered for her collegiality, her eagerness to lend a hand, and her unique talent for innovation and ability to think outside the box.*

A passionate evangelist for pollinator conservation, Lisa was an active member of our Native Plant Garden Committee and served for many years as the Chair of our Green Team Committee, whose goal is to empower and inspire our community to help preserve and restore our environment through education.

Lisa's Master Gardener friends were stunned and deeply saddened by her sudden and untimely passing. On behalf of all the members of our Native Plant Garden Committee I offer sincere condolences to her family and friends.

“ Lisa worked in the kitchen alongside her Mom and me. She was serious, passionate and had her own sense of humor. She walked this earth at her own pace and everything unique about her made her fascinating person. Her family loved her dearly and Mater Dei Catholic Church and school is one big extension of that family. I can only imagine what Heaven is like with her there. Your cat is missing you and we will keep an eye on it while it's on its many adventures. 💔

“ Lisa's bright smile and even brighter spirit will be missed by so many, on Earth... I hadn't seen her, in years; but, she and I made MANY lasting memories within the Glotzbach house. And, she built the MOST beautiful outdoor oasis, for me; after my MS got too bad for me to do my own planting and gardening. We'd lost touch... as life has a tendency to get in the way of friendship. But, I KNOW heaven has gained a beautiful angel...

Steve and Iris and family, Lisa was my mentee in Master Gardeners. She was so fun and full of enthusiasm! We also kept her beautiful creations of bird houses here on our farm until they were sold. She will dearly be missed but we gained a special angel to watch over us.

Steve, Iris and family: Lisa was my gardening mentor for Shawnee County Master Gardeners this year. She always shared her sunny smile and she had a ton of energy! It didn't take long to figure out Lisa knew a lot about gardening. She also knew just which questions to ask when someone needed help. I was surprised to learn Lisa was a talented painter as well as a master gardener. Lisa cherished our planet and she made the world better.

Lisa was a friend and fellow Shawnee County Master Gardener. Her knowledge was extensive, her energy and willingness to help with nearly any project amazing. She was given some scrap lumber and turned it into about 200 birdhouses for various Kansas birds that she helped paint along with others. The birdhouses resulted in a profitable fundraiser for the group and additional nesting opportunities for the whole community. She was always exactly in-tune with nature and all ceatures great and small. Sincere sympathy is extended to all of Lisa's family and those lucky enough to call her their friend. She will be greatly missed but never forgotten.
