“ *Lee, Alex and Carmen, I was saddened to hear of Lois' passing last week. I remember when I first met Lois, I saw right away how bright, funny and what a go-getter that she was. She was always so interested in everything and I remember how much she enjoyed talking to people. She was a great conversationalist and I always enjoyed running into her and chatting. The most important memory that I have to share is of how deeply that she loved her family. That was the first thing that anyone noticed about her, how dedicated that she was to Lee, Alex and Carmen. I remember how she was always going by and checking on her mother to make sure that she was okay. She was a wonderful woman and I know that she will be missed by many. Luis and I pray that your memories will continue to comfort your family during this time.*

“ *So sorry to hear that Lois passed away on Thanksgiving Day. I heard that she had been very sick. I went to grade school and high school with her and was in the Ward graduation class of '65. Unfortunately, I hadn't seen her for many years. I will keep Lois and the entire family in my prayers. I hope you will find comfort in the good memories you have built together over the years. God bless. Nancy (Palcher) Cariglio, Olathe, KS*

“ Lois was my manager and I was her secretary at EDS back in the early 1980s. We worked together when we both got married and she was my favorite boss that I ever had. I left EDS and then quit working to stay home with my first daughter and I typed at home for Lois while she was getting her Masters degree. She soon became pregnant with Alex and we continued to run into each other out and about through the years. It is saddening to see that Lois has passed. She was a funny, brilliant and lovely woman to be around and I am so thankful that I had the opportunity to be part of her life and to have known her!
