“Debbie and children, Jerry, Denise, Macy, and Alicia: my thoughts, prayers, and hugs for you now and always. Ever since hearing the news, I, as everyone, keep envisioning all the times I shared with Marc... basketball with neighborhood friends in the driveway, riding bikes, running, movies. I remember running with him one time, ready to give up and stop near the end, and he just kept telling me I could do it. His work ethic is unmatched...he ran up the hill from somewhere in town to show me his pictures from his trip to Norway... everybody else would have driven. When he found out I had been injured in a game, he got off of the bus before leaving for a track meet and had a carnation sent. He was just so thoughtful... ALWAYS thinking of others. I have known many genuine people, and Marc is at the top. Everything he did, he did to the best of his abilities. I never heard him complain or say one negative thing. He was a friend to everyone. He was and will always be respected by me and all of his friends. Reading the tributes and everyone's memories and thoughts of Marc definitely brings a smile to my face... He is just a bright spot in everyone's collective memories from grade school, high school, and beyond. God bless Marc and all of his loved ones.

“ Marc-

I miss you. It hurts. Knowing that you are gone, and that I won't have a chance to speak to you. It is a strong reminder of how fragile life is. My thoughts go to your family, particularly the closest ones. A family I feel 100% a part of.

*As I read Coach Lamar*s comments, I couldn't agree more on the observations and the views of you. I knew you best while we were at high school together in St.Marys. In fact you introduced me to life in town. It started with you looking after me, while lifeguarding at the pool while I was training swimming. I needed a friend and immediately we found common ground, through shared interests and curiosity of life. Which has also taken you to Europe two times. After my year as an exchange student in your house, we decided to spend the summer of 1992 in Norway, together. And what a summer we had. Since you weren't not 18 yet, we had to find a friend who kind of looked like you. You needed to borrow ID to go to a discotheque. My friends needed to experience a US citizen. I just talked to several of them today, and we shared moments of the good times. Most of them only met you for 3 weeks in your life, but you surely made good friendship with them.*

I wish I made a stronger effort to stay in touch over the last few years. I thought about you often. And wondered how you were. Its is easy to say now, what should and could have been. The important thing now, is that I will remember you for the person you were. Not only was it fun to hang out with you, you were a good listener and a hardworking person. It was easy to feel comfortable around you, and you were a good team-mate and competitor in sports.

I want you to know that I will forever have you in my heart. And I hope that you have found peace. When the snow disappear from the ground, I will take a trip to your favorite spot in the Norwegian mountains where I grew up. And remember you for who you are. A true brother. See you on the other side, Marc.

Marc was several years younger than me so I didn't know him well, but I knew he came from a great family and could always tell he was a good and genuine person liked by all. It doesn't surprise me to see all these wonderful tributes about him. It sounds like he was a beloved husband, father, and teacher and left a positive impact on everyone he encountered. My prayers go out to all of you during this difficult time. May he rest in peace.*

“ From the day he became part of my extended family, Marc added so much genuine kindness and joyfulness to our family. He loved on all of us in his with his honest questions and his curiosity about our lives at family gatherings. Marc and I shared stories of “being at home with our kid’s craziness” often at our Pierce Christmas parties and his would always trump mine in making us laugh! Debbie found her true and perfect match the day they met and they made each other shine. Dear Debbie, may God wrap His warm comforting embrace around you, Eli, Addie and Mallory today and always. Our family is a better family because of Marc.... and that legacy will always be.

“*Mark Tanking a champion! ALL of my memories of you are of a hard working young man. He always worked a little harder than I thought he could. . A young man that was always doing what is right, he was accountable, and a leader. On the field, in the classroom, on the track, and in the gym. He was always one of the last to leave practice, was almost always at morning practice. He strived to get better every day at whatever he was doing. He was always there sitting at church. A leader everywhere he went.*

Mark was a state champion and a state record holder on the track. He thrived during the runs to maple hill and back, the ten mile runs on the weekend, the hill, pushing my car around the parking lot, and the 24 hour runs. He made others around him better everyday with his leadership. He always surprised me by exceeding my expectations over and over again!

Mark I wish I would have remained close with you into adulthood. I want to thank you for your effort and most of all of the amazing memories I have of you. All of my memories are good ones of you. I pray that your friends and family can rejoice in all of their good memories of you as well my friend.

His parents and sister were always there for him. Always pushing him, supporting him, teaching him and loving him. My heart breaks for you. You were such a big part of his life.

To his family, I wish I knew you, I wish I could share memories with you. My prayers are with you. May God Bless you Always! I pray that angels will lift you up everyday of your lives!

Thank you Mark Tanking! God bless you my friend!

Mark was the state record holder and state champion on the St. Mary's 4 x 800 team. Teammates were: Matt Miller, Luke Pauley and Vidar Oen. I believe their time was about 2:02 ish.

“Debbie and kids, Jerry and Denise, Macy, Alicia, and other close family...

Know that my heart is heavy, and you all are on my mind. Many prayers for all of you. I hope that the memories being shared help bring you peace. Marc was a good friend to me, growing up. He was to a lot of people - always had a smile and a good word/gesture for everyone. He was one of the most genuine people I've ever known. He was a friend, but also someone I admired. Someone you wanted to be more like, but couldn't compare yourself to. So much respect for what he stood for - he helped me develop my work ethic. He never cut corners. He taught me how to work hard and have fun doing it. When we were track teammates, we'd be sent on a long, unsupervised run as a group. Even though many would cheat, you didn't cut your route short when you were with Marc, because he did it the right way, and you didn't want to disappoint him. But he wasn't ALL business...what a storyteller!!! We had a lot of fun times and he'd make you laugh so hard your stomach would hurt. Jerry, I'm sure you didn't think it was funny that your downstairs plumbing might have backed up due to a toothbrush, but Marc, Vidar, and I had some great laughs out of it that I'll never forget. The world is getting shortchanged with his early departure, but what a blessing to have known him and call him "friend." I may never go on another jog again without thinking of him, and that's the first thing I'll ask him to do when I see him again. Rest In Peace, friend.

“Dearest Deb, Mallory, Addie, Eli, and all Marc's family - my thoughts, tears, and prayers go out to you at this difficult time. I know Marc was a wonderful husband, dad, and teacher, but he was also my mentor. Finally, this year the two science rooms were moved side by side and we took advantage- running back and forth borrowing science materials, sharing funny stories and encouraging each other. On Fridays we would compare who had more papers to still take home and grade over the weekend. I usually won, which made Mr. Tanking feel better. He joked about knocking a hole in the back wall to make for quicker access to the much needed science materials for his next class. When there were spare minutes, we shared ideas we tried using to motivate students even if they backfired and didn't work. A truer coworker there never was because even if Mr. Tanking was swamped with things to do, he would not hesitate to offer to help out other teachers. Another one of his many admirable qualities was that he was not afraid to try new things and mess up; he was my role model for the often overused term, growth mindset. Yes, sometimes his room looked like a disaster at the end of the day, but that is where real learning took place - and not just about science. Mr. Tanking taught teachers and students to care about themselves and each other. He will not be forgotten!

“ Marc aka Mr. Tanking will be, and is already, missed immeasurably. I cannot recall a dinner or after school conversation that didn't include a Mr. Tanking story. Marc not only left an impression on all the McGuire girls, he did with everybody that he crossed paths with. His zest for life, curiosity for all things, and genuine caring soul was a gift to ALL. Marc will be missed, but always in our memories and prayers.

As grandparents, in the MD community, we can easily be “overlooked”, but not with Marc. He incorporated us along with everyone else. His faith was in action, as attested by being a Confirmation Sponsor. He lived what he believed and we are all better for that. Thank you Marc. Our thoughts and prayers are with your extended family Debbie. Kevin and Karen Mead

“ Debbie & children so many people are praying for your strength during these difficult days. Mr. Tanking was a special person and all of us who knew him were blessed. He shared many good recipes with me. I admired that he was a stay at home dad before he came to teach at Mater Dei. He shared his many talents with us and for this we are grateful.

“ Dearest Deb and Family, our family was deeply saddened by the news of Marc's passing. He was so patient and kind to Jacob and sparked a complete joy of science in him. Whenever I would see him in the hall, he was never without a smile on his face! We feel a loss as well, that in this difficult time, we are not able to gather as a Mater Dei family and grieve with you. Rest assured, Marc left an indelible mark on Jacob and all of us, that we will carry always. The Downs/Creager Family

“ Dear Deb and kids: Marc was without a doubt a bright spot in my day. His humor was infectious, and he was a joy to be around. Many times I would see him helping a student who just needed a little extra encouragement. He always took great pride in his students' successes. He will be deeply missed and always have a place in our hearts. He touched our lives in a profound way. Our deepest sympathy, the Adair family.

“ Mr. Tanking was such a caring and kind teacher. He has meant so much to our family because of his positive influence to our son. He was able to see all of the potential in our student and always made him feel important. Aiden loved Mr. Tanking’s “dad jokes” and would share them with us! They liked to tease each other about KSU vs KU. Thank you for all you did for Aiden-he will forever remember all you did for him and how you made sure he knew how special he was. You will greatly be missed & we were all blessed to know you!

“ Mr. Tanking was Sarah's favorite teacher. We all are very grieved for his loss. My husband remembers a story about Punishment Hill the best. I remember going along for Women's Day in Science. Sarah had fun disassembling critters and learning about science. Most of all we remember his kindness and gentleness. We are so sorry for your loss. May God comfort you and bring you peace.

“ *Dear family of Marc, I was so shocked and saddened at the sudden
loss of a friend and colleague . Please know that my thoughts and
prayers go out to each of you during this time of sorrow and loss.
My favorite memories are of his wonderful sense of humor and
quick wit. He could really get his students to believe some of the
wildest and funniest stories! His thoughtfulness and generosity are
some of the things I will miss most. May you know the comforting
embrace of our Loving Savior and His Most Precious Mother today
and always.*

“ *Tanking family,
No words can express how sad we all are at losing Marc. However,
there are so many wonderful memories to look back on. I can't think
of too many stories that didn't include his wonderful family or a story
that didn't make us laugh. His zest for life was unparalleled and we
are all better for having had him to help brighten our days. Know
that you are all in my thoughts and prayers.*

*My greatest memory of Marc was the first time we met. He found out I
was Violet and Olivia's grandma. From that time on it was hi Grandma
Nancy. I loved every minute of it. He made a room light up just by
walking pass it. Always with a smile no matter what. Debbie and kids I
pray for you all that you will find peace and some understanding as to
why God needed Marc so bad. One things for sure God took one hell
of a awesome angel to join his Army in heaven. RIP Larry and
Grandma Nancy White.*
