“ To Midge’s Family, I was a Radio Dispatcher, Valley Center, KHP District 5 back in 1961 when I first met Midge over the old Teletype Machines of the day. Teletypes from Headquarters were written by someone with initials of “MAD”....so being young (and later realizing being 3 years her junior) I started calling her “MAD....” At the time she was working for Colonel Larry Hughes, but through the years we developed a friendship relationship throughout several KHP administrative changes, but Midge was always the “Headquarters contact Rock” at KHP Headquarters. I left KHP in 1974, going into business as a Motorola Radio Shop, but kept contact for several years thereafter. I so regret hearing of Midge’s passing, wishing that I could have known of her whereabouts for visiting in later years. “May Peace Be With You Midge...Thanks for the Friendship...and Thanks for the Memories” Ed (Eddie) Humston

*Midge was the ultimate professional assistant for the KHP. Among many of her GHQ duties she would type applicant background investigations for KHP field personnel across the state. She did so for me as well.
Midge was always willing to help others and carry out duties for the betterment of the Patrol. She will be missed for sure. May she rest in peace.*

I too remember Midge as being the kind of person that you would immediately learn to respect. She had a look about her that let you know she was being attentive and had the time to pay attention. She served many Colonels at GHQ and kept them in line, which for some of them may have been a full-time job. I served at GHQ with Research and Planning for several years and came to know Midge better. Not many people like Midge comes down the pike very often and leaves their mark in the lives of so many. Madge and my mother, Kay Reser, worked together at the KHP. My mom always spoke highly of Madge and I believe they developed a very nice friendship. Our family met Madge a few times and always thought she was very enjoyable person to visit. Sorry to hear of her passing.
