“ *Over the many years I worked with your father at Prudential, as well as attending conventions with both your dad and mother, both always were a great joy to be around. Not only will they be missed by your family, but by their many friends. It was my great pleasure to have know not only your mother but also my friend Bill.*

“ *I had the pleasure of working with your Dad for many, many years at Prudential. Then after retirement, I had the opportunity to see and visit with your folks at our Prudential Luncheon and Picnic. They are always such a job to be around. You Mom was such a brightness at our events because she would always have a smile on her fact. We will miss her.*
