“ *Marjorye was one of kind. I met her in passing when I was young & she made such an impression on me. Her open friendliness, kindness, confidence, style & happy attitude was addictive. When we worked with Keep America Beautiful, she always knew what to say & shared the exact wisdom I needed. Over the years, every time I saw her, she made me smile, even the times I didn't get to talk with her. My thoughts & prayers are with her family. She was a truly beautiful women & I am blessed to have known her.*

Angel Fitzgerald - July 11, 2017 at 12:11 PM

“ *Marge always made my day brighter when I saw her....we had so much fun planning her annual dinner at the Top of the Tower Club.....what a wonderful lady!*

“ Ms. Marge was the kindest, truest person I have ever met. I am honored that our paths have crossed and that we became friends. I trusted her opinion and guidance and our world will be dimmer now that her light is gone. I will miss her and Barney both.

I know that her family knows how deeply she loves each one of them and I am hopeful that you know the kind of love that Marge gave is the kind that survives. My heart goes out to each of you. Per Ms. Marge's wishes, I hope you are able to keep a song in your heart and a smile on your face.

“ I had known Marge since Dan Heeney was in Jr. High. And I will miss her greatly. During my last phone conversation with her about a month ago, she mentioned that Barney had been on a roller coaster ride with her all their married life. And she then talked at length of her grandchildren and where they were in life at this point in time. They were obviously the most important thing in her life. Her one complaint was that Homestead served "day old bread!"

“ I have the vivid memory when I talked with Marge for the first time. I was new in Topeka and have seeing Marge few times having lunch at the New City Cafe. Her smile and hats had attract my attention and amazed me. I introduced myself and ask her if she would have coffee with me one day. She smiled, hugged me and we became friends at this moment. She was a great mentor, supporter of our community and the best friend to have. We all will miss Marge and Barney

Jessup

I had the Heeney family on my mind and stumbled across this obituary. I never knew her or her husband passed away. They whole family are good people. I went to elementary school with her daughter Mary. I have since moved to Georgia over 37 years ago. Marge was SO kind to me as a child growing up in poverty. Many times she treated me to after school meals. I loved her kindness, generosity and how she had a love for ALL people regardless of their ethnicity. Mary, if you ever see this, please find me on Facebook. Kathleen Hamilton Jessup
