“ I cannot say how deeply saddened I am of the passing of a very dear and lovely lady! I met Mary at Brewster Place when she lived in her apartment and had a little fall. I have done physical therapy with Mary several times since then. I have truly enjoyed the time we spent together and listening to all her stories. Then she had to hear mine. She was loving and concerned all through my pregnancy and was as excited as anyone, when the little guy joined this world! She has been a blessing in my life and will hold a special place in my heart. Thanks for giving me the chance to meet/fellowship with such a wonderful lady! She will be greatly missed! ~Kelli

“ Mary will be greatly missed. I enjoyed our little talks during the evening. Her way of looking at things was unique. She loved her family and friends. Her quaint smile touched my heart as I listened to some of her stories and thought of my grandparents. She knew she was loved. Prayers are with you. Lea @ Brewster Place
