“ *Christina & Alicia, The Herschell family were neighbors to your Mom when she was growing. Verla (me) rode horses with your Mom. Dayle and my Dad are still neighbors to your Aunt Brenda. We all want to extend our deepest sympathy to you as well as the rest of your family for the loss of your father. Please take care and trust that God will watch over you and give you the strength to get through this. The Herschells*

“ *Christina & Alicia I don't believe I introduced myself when I talked to you today at the funeral. As I told Alicia I was the nurse that took care of her mother & helped deliver her. That is how I met your mom & dad. I would come over to the house to help in any way I could. I remember giving you a bath Christina. I come to love your Mother - she was a wonderful woman. And your Dad took such good care of her. He got on the computer & researched all over the United States to see if there was anywhere that may be able to help her more. I want to extend my deepest sympathy to all of you. Donna, I never had the privilege of meeting you. God will give you the strength you need to get through this very difficult time.
