“ To Erik -- Our hearts go out to you and your family. Although I had not been in touch with Patty in recent years I know from all those hours of playing racquetball together that she must have put up a gallant fight with her illness. She was competitive, yet gracious, and I always enjoyed my time with her. Please know that you and your family are in our thoughts and prayers.

“ Erik, Jason, and Bryce-

You have been in our minds and in all of our prayers. Patty made a lasting impact as a wife, mother, and friend to many that will never be forgotten.

She was indeed very passionate about sports, especially with her sons. She was always the biggest cheerleader in the stands.

“ *Please accept our deepest condolences. Although our contact dwindled over the years, I'll always think of Patty as one of my "good buds" from our Westar years. Just remember, you never lose the one you love if you always love the one you lost. Our thoughts are with you.*

“ *Let me extend to you all my most sincere condolences for your loss. I can't begin to express how much it meant to me for Patty to invite me into her home during Thanksgiving and Christmas season. The atmosphere that Patty created made me feel a part of the family and I will never forget that. I take comfort knowing that in the brief time that I knew Patty, that she made a positive impact in my life.*

“ To Patty's Family- I am very sorry to hear of your loss. Even though I have not been in touch with Patty for many years I thought of her often. I worked with Patty at Westar Energy several years back and also use to babysit Jason and Bryce. Patty definitely was a sports enthusiast, she got me hooked on racquet ball many years ago and we had a wonderful time playing each other. My family and I have you in our prayers.
