“ *Paula and I have been friends since kindergarten - she was always my best friend and I will miss her so very much. She was such a happy person and loved Jewell and her girls dearly. She gave so much of herself to others and always had that special answer and laugh. I am sorry I did not know of her death until a few days ago as I would have attended her services. May God Bless you all during this very difficult time.*

“ Dana and I were sorry to hear of Paula's death. We both remember with fondness the many times that we have shared at table at one of the Auxiliary dinners. We will miss her face and her perky spirit. We are not able to attend the services, but will be thinking of her and all of her family.

“ We are sorry to hear of the loss of your dear mother, wife. She will be missed by many former students, friends, teachers and her wonderful family. She's a special lady and teacher to all. I remember Paula as a Room Mother (always ready for the various parties), district committee work and other teacher mtg., her radiant smile and sweet personality, her love and concern for others. She was a role model for me (both in the classroom and being a wife and mother) and I always admired her. Paula's dedication and love for others will always be remembered. May time help you heal from your loss. Thinking of all of you. We hope to attend the memorial service. Take care and God be with you. Mike and Patti Goehring

“ I had mrs welch in class when i was in 3rd grade right before crestview turned into topeka col. she was an amazing teacher and i will remember her for the rest of my years, i am very sorry for your loss, i send my condolences, she was a kind hearted, patient woman who had inspired me at a young age, i love mrs welch for that. I still remember when she told me i was going to pass and i cried with joy and she just gave me a hug and told me good job, and that i could go far in life if i just applied myself, she also was the only teacher that had me and my best friend in the same class and she handled us just great. one more story before i go, one time we were at recess and she told me to stand against the wall, for 5 minutes, and she told me to count to 300 and since that day i always just count to 300 when someone says " 5 minutes" she embedded that in my brain. funny yes, relevent not really She will be missed, again I offer my condolences...
