“ I met Mr. Rudy Elliott working at KNI on Honeybee Lodge. It was a unique experience working with him. He always had something to say (was vocal in his opinions nor what?!), was a staunch advocate for the people who live at KNI, and could make me laugh. He was quite a character with a zest for living.

The last time I saw Rudy he was at the VA and I was fortunate enough to have him as a patient. Even though he was ill he was still very vocal, very opinionated about everything, very fiesty ... Very much Rudy AND he could still make me laugh.

I tried my best to treat him with the care, dignity, and respect he insisted we provide the people who live at KNI. That would have been the finest tribute to what he always stood for.

Here's to you Mr. Elliot,

“ I knew Rudy when he was a teenager. I worked with his father for 6 years plastering in Topeka. He was a wonderful young man. My condolences to his family.

“ I met Mr. Elliott while delivering meals on wheels. He always had a nice word for us when we brought his lunch. He was a nice man and I enjoyed seeing him each month. I am sorry for your loss and will miss seeing Mr. Elliott on our route.

“ I met Rudy when I started working at KNI as the Volunteer Director in 1970. I learned much for him .. especially in regards to the worth and dignity of those persons living at KNI.

When I think of the "good old days" Rudy is always in my thoughts. Last time I saw him was a few years ago at the post office. . . we had a good conversation and I was able to tell him then that I missed him.

Sorry for OUR loss ...
