

Dr. Safwat Bishara

May 16, 1940 - May 6, 2023

Dr. Safwat Wahba Bishara, 82, passed away peacefully at his home in Miramar Beach, Florida on May 6, 2023, surrounded by his immediate family.

Safwat was born in Cairo, Egypt on May 16, 1940, and immigrated with his family to the United States in 1981.

A true scientist at heart, he devoted his career to research and teaching. After receiving his doctorate degree in Chemistry, he worked at the National Research Center in Cairo. His work took him to France on behalf of the Atomic Energy Commission; to Iraq as a university professor; and decades later to Oman as a Fulbright Scholar. Most of his career in the United States was spent as a research chemist for the Kansas Department of Transportation, where his work was published in numerous scientific journals and culminated in a U.S. patent.

He is survived by his wife of 56 years, Dawlat; their three daughters, Heba Ferguson (Paul), Rasha Allen (Tom), and Shahira Stafford (Eric); his six beloved grandchildren, Gabriel, Samuel, Hannah, Noah, Cole, and Avry; and sister Eglal Wahba Bishara.

Safwat's family and friends will remember him as hardworking and sacrificial, while always smiling and sharing his optimism in every situation. He spent his

retired years writing about his life experiences to leave as a legacy for his children and grandchildren. He loved to read, learn, and serve faithfully in his local church.

A private burial will take place in Topeka, Kansas on May 20, 2023. The family will also host a memorial service at 11 a.m. on May 30, 2023, at Destiny Worship Center, 122 Poinciana Blvd, Miramar Beach, FL 32550.

In lieu of flowers, please consider a financial donation to Destiny Worship Center Missions and Outreach, P.O. Box 6340, Miramar Beach, FL 32550. Condolences may be sent online to www.kevinbrennanfamily.com.
