“ I'm very sorry to hear about Sarah's passing. Healing thoughts to her family and most importantly her family. Sarah and I car pooled to Allen County and struggled through chemistry together both with careers in nursing in mind. We both had our struggles but I was so happy to see she finished and became an RN. She had the compassion for humans required to be a nurse that can't be taught. I'm confident she is no longer having the pain or struggles she must have been going through to have lost her life so young. RIP Sarah. Get the wellness center ready, I'll meet you there in time.
