“ *Hi Anne-*

I wanted to drop a note to let you know how happy I was to see Steve again over the last few months, even if the circumstances that brought him back to our fellowship were very difficult. Steve was a member of the "Class of 86" as I am, and we got to be very well acquainted back in those days. He also came out to my house back in the 90's to jam with some fellows that I was in a band with. Prayers and best wishes to you and your family as you move forward. Perhaps when things settle down a bit you might come by and see us Thursday night at Prince of Peace.

“ *Very fond of this wonderful guy in high school in Pawhuska.*

Handsome, funny boy from a great family and everyone loved this family in Pawhuska. Gone too soon. Sounds like he had some battles but overcame them. Proud of him for that. At least we have our memories and they are precious. My sincere condolences to his wife and sons. We do know Travis and watched him grow up. He is a great boy. Alma and James Hager

“ I met Steve working a Prairie Band Casino and Resort. He was so much fun to work with. I talked with him at breaks and when we would fill the NRT's. He loved music and when a song would come on, he always knew who was singing it and the name of the song. I loved working with him. He knew his job very well! I will miss Steve very much. He was a man with a lot of class!

“ Steve was a very good friend, way back in the day, growing up in Pawhuska. Although we had long ago gone our separate ways, I feel a great sense of loss upon hearing this news. RIP, friend. I'll always remember you.

“ To Annie, Atticus and all of Steves family, I was blessed to have met Steve 02/15/90. We began a friendship that lasted until his final days. He helped me to enjoy a life I never thought possible through his willingness to share with me what he had been given. Through our friendship we were able to share our love of music by performing in the duo "Those Guys" for two and a half years . Steve was ever so willing to share his vast musical knowledge and guitar playing skill with me while remaining completely humble about his accomplishment on his instrument. We shared many cups of coffee, smokes and stories during those many hours of rehearsals.I will treasure those "lessons" as well as the life lessons he shared with me for the rest of my life. Rest in peace now, my friend.

“ I met Stephen in 1990 @ Stormont Vail Treatment Center. Where he quickly became my sponsor. He gave freely his worldly knowledge of the program. I owe him my life. I'm sure God has a special place for him around His Throne. I'm sure he will know peace. May GOD extend His Hands to his family. Don't worry he will know peace. I thank the family for bringing him into my life of 61 going on 23yrs.
