“ What would we have done without Terry? Terry was a big sister that I never had, a person to cry the blues to. Though you would have to buck up in the long run. A person to laugh with during "Table Time". She was always there for me, Jericho, Jahleel and my mother, Paulette. When the boys came to live with me, Terry was the second person I called after calling my boss. "What am I going to do?", I asked her. She said, "Bring 'em to me. I'll make room."

*I will never be able to express all of my appreciation to Tobey & Dave, Matt & Karen, Beth & Eric, Billy, Will, Nina, and all of the grandkids for sharing her with my family. Our lives will forever be intertwined and I am glad for that. I will miss her so much and the Wilson family will always keep you all in our prayers.*

“ *What a blessing that I had to have a chance in life to get to know Terry and her family. I've been friends with her for 31 years now. What wasn't to love about her. For everyone that got the chance to know her. She touched us in a very special way. She loved sitting around visiting with family and friends having coffee and tea with them. When you came over she made you feel comfortable and at home there. Her home was opened anytime night or day. So many great and wonderful memories we share as friends. We'll all hold our memories of her close and dear to our hearts. When Halloween comes around our thoughts will be with her. She enjoyed spending that time decorating her home with her kids and grandkids. Getting the candy ready for the other children that visited her home. What I learned the most from her was how strong and the amount of strength she had to fight as long as she did for her family. The battle was long and hard on everyone. A piece of your family circle has been taken from each of you. I hurt for each of you. My thoughts are with each of you. My love to each of you. She was angel on earth and now angel in heaven. love Roxanna Clemons and Boy's*

“ *I have known Terry since my son, Dagen, was extremely blessed to be one of "Terry's kids". Although he left her daycare when she closed (at 18 months old), he still asks when he can go to Terry's so that she can make him biscuits and gravy (he's now almost 6!!!). I feel so fortunate that Terry helped raise my child for the first 1 1/2 years of his life. Her presence and spirit will truly be missed. I pray for peace for her family; although they knew this day would eventually come, it doesn't make the loss any easier. May your wonderful memories always be close at heart.*

“ *My thoughts/prayers are with Terry's family. I visited her numerous times yearly while she was on the food program for her daycare. I always loved talking to her and knew she ran a wonderful daycare. May God bless all of you as you celebrate her life.*
