“ *Lon and family,
As families sometimes do, we have drifted apart. I only wish that life could have brought us together sooner. Your life, loves, and losses always have been and always will be important, although not felt with the same depth and understanding. We are very much grieved for the loss to you and your family.
May fond memories soon replace the grief and heartache.
Love,
Karen and John Alexander*

“ Therese was not only a co worker but a friend. She was very dedicated to her family, work and friends. Compassionate and giving are two words that come to mind when I think of Therese. She had a love and gift for music and writing. I can hear strains Pavarotti floating out of her office as she tackles the huge payroll of Parks and Recreation in the summertime! I salute you Therese you have touched my life and so many others. But yes we will meet again! My condolences go to all of Therese's family! She was a very unique woman. Karen Bosch
